Penn Valley Bike Trail

With an extension dedicated in 2010, the Penn Valley Bike Trail now runs 1.7 miles from the Penn Valley Village Center all the way to the Park & Ride lot at Highway 20 and Pleasant Valley Road. Traversing much of the community, it offers an easy and enjoyable way for locals and visitors to bike or walk between neighborhoods and to access Western Gateway Park. Be aware of cars exiting and entering driveways.

Getting there:

From Grass Valley, take Highway 20 west 5.6 miles and turn left onto Penn Valley Drive. Follow it 0.6 mile to the center of town. Just before the stop sign, turn right into the Penn Valley Village Center. The trailhead is in the shopping center. Look for the paved path and a “Bike Path – Begin” sign in the shopping center parking lot close to the intersection of Penn Valley Drive and Spenceville Road.

Distance: 1.7 miles one way
Elevation change: Slight.
Uses: Foot and bike only. Bicyclists “stop and walk” at public road crossings; keep right of center line.
