BYLT Staff,

I want to confirm that all employees of the Bear Yuba Land Trust are aware of Executive Order N-33-20 (attached) that requires all workers, that are not in Critical Infrastructure Sectors, to remain home or at their place of residence. As a respected organization in our community, it is important we are setting the example and adhere to the requirements in this order. As such, all employees should work from home until approved to return to work as normal. If you need equipment or other support in order to work remotely, please let the Executive Directors or myself know. The goal is for the Land Trust to operate as normal, with staff working their normal hours, just doing so from home.

During these challenging times, I want you to know that the Board of Directors are behind you and that we will support you in any way we can. We will discuss COVID-19 impacts and our plans to mitigate those impacts at our Board Meeting this Tuesday. I wish you the best of luck and if you have any questions or need assistance, please don't hesitate to reach out.

Best regards,

Robert Smail
Board President
Bear Yuba Land Trust
720-841-5934
